FOR IMMEDIATE RELEASE

BEYOND THE LIMITS (AN AUTISM RESOURCE CONNECTION) ISSUES MONETARY GRANTS

HENDERSONVILLE, TN (May 27, 2008) – Beyond the Limits, An Autism Resource Connection issues monetary grants to Tennessee families whose children are on the Autism Spectrum. The monetary grants provide financial support for Tennessee families whose children are on the Autism Spectrum to help defray the costs associated with tests, therapies and interventions necessary for the treatment of Autism. Proceeds from the 1st Annual 5K Run/Walk Beyond the Limits for Autism, held in Hendersonville on April 19, 2008, were used to fund these grants. Applications are accepted on an ongoing basis at www.autismresourceconnection.com.

Autism is a biological and neurological disorder involving delays and impairments in social skills, language, behavior and learning. It is a spectrum disorder, meaning that it affects people differently. Autism affects one out of every 150 children born in the U.S., according to the Centers for Disease Control. Autism is treatable and some children are recovering.

Beyond the Limits, An Autism Resource Connection, a 501(c)(3) non-profit corporation, provides leading-edge information about biomedical research, tests and treatment options to families who have children with Autism and provides an opportunity for those families to apply for available grant monies to help defray these costs.

For more information about **Beyond the Limits, An Autism Resource Connection** go to www.autismresourceconnection.com or call 615-870-7842. All donations are tax deductible to the fullest extent allowable by law.
